Business Government and Society Flashcards | Quizlet Interplay among these activities creates an environment in which businesses operate. The business-government-society (BGS) field is the study of this environment and its importance for managers. To begin, we define the basic terms. Business is a broad term encompassing a range of actions and institutions. It covers management, manufacturing, finance, trade, service, investment, and other activities. Business Government and Society The authors approach the first topic with a literature review of 703 articles marked with the term "government" from five journals in the field (Business & Society, Business Ethics: A European Review, Business Ethics Quarterly, Business Strategy and the Environment, and Journal of Business Ethics) between 1982 and 2011. This study indicates that the principle of voluntarism remains, despite the broad variety of research related

to the role of government in B&S. The Role of Governments in the Business and Society Debate ... Government and business institutions in a country in many ways are interrelated and interdependent. In today's global economy, businessmen and entrepreneurs are the driving forces of the economy. In a planned economy or even in the market economy government holds control of shaping the business activities of a country.
