Memory From Mind To Molecules Kandel continues the discussion by examining the molecular basis for storage of declarative memory and for the conversion of short-term memory to long-term memory. The storage of declarative memory occurs via a family of processes that occur in the hippocampus called long-term potentiation (or LTP). Amazon.com: Memory: From Mind to Molecules (9780981519418 ... The long journey from the physical molecules to the non-physical mind starts with a first step. Squire and Kandel have taken that first step in a masterful attempt to bridge the certainty of their laboratory measurements of brain function with the elusive, receding, transfinite virtuality of the human mind at the other end of the bridge.
