Where To Download Microsoft Project Server 2013 Reference Guide

Microsoft Project Server 2013 Reference The class library and web service reference for Microsoft Project Server 2013 includes the public namespaces that are usable by third-party developers. Web service namespaces have arbitrary names. For example, when you develop with the Project Server Interface (PSI) and create a reference to the Admin.svc service—or the Admin.asmx web service—you choose a namespace name for programmatic use such as WebSvcAdmin. Project Server 2013 class library and web service reference Project PSI reference overview Describes the assemblies and namespaces in the PSI reference for Project Server 2013.
