Econometrics shows how the basic
tools of applied econometrics allow
the data to speak. In addition to
econometric essentials, Mostly
Harmless Econometrics covers
important new
extensions--regression-discontinuity
designs and quantile regression--as
well as how to get standard errors
right. Joshua Angrist and Jörn-
Steffen Pischke explain why fancier
econometric techniques are
typically unnecessary and even
dangerous. Mostly Harmless

You can search Google Books for any book or topic. In this case, let's go with "Alice in Wonderland" since it's a well-known book, and there's probably a free eBook or two for this title. The original work is in the public domain, so most of the variations are just with formatting and the number of illustrations included in the work. However, you might also run into several copies for sale, as reformatting the print copy into an eBook still took some work. Some of your search results may also be related works with the same title.
