

Netbackup 76 Admin Guide

pdf free netbackup 76 admin guide manual pdf pdf file

Netbackup 76 Admin Guide NetBackup administrators can set up periodic or calendar-based schedules to perform automatic, unattended backups for clients across a network. An administrator can carefully schedule backups to achieve systematic and complete backups over a period of time, and optimize network traffic during off-peak hours. Veritas NetBackup™ Administrator's Guide, Volume I The NetBackup web UI lets the security and the backup administrators more easily monitor NetBackup operations and events and identify any issues that need attention. For a NetBackup security administrator, the dashboard lets the administrator see the status of security certificates and of audit events.
