Project ... Let's face it. Most project management office (PMOs) fail.

They don't provide considerable value and, as a result, are criticized, marginalized, or downsized.

Executives often view them as overhead, and project teams view them as obstacles. It's a tough pill to swallow, but this is how we are perceived. However, we don't have to accept this fate.

coordinating with team members, stakeholders, and executives alike. Amazon.com: Experiences in Building and Leading a PMO ... The second most difficult thing in beginning a PMO is setting project priorities. What this means is that senior decision-makers have to sit down periodically and decide which projects get “first call” on the organization’s human and financial resources. These meetings can be very nasty in the beginning.
