... Note: If you use a Manual Table of Contents style, Word won't use your headings to create a table of contents and won't be able to update it automatically. Instead, Word will use placeholder text to create the look of a table of contents so you can manually type each entry into the table of contents. Insert a table of contents - Office Support The table of contents can be navigated from its actual page, and this is also dependent on the version of the pdf. There are some older versions that lack this feature, and therefore can't be navigated. I hope a solution (like the TOC button right next to the page numbers as it previously was) can be implemented soon. PDF Table of Contents - Microsoft Community If you're working on a document
