Foundations of Modern Political Science, Cooper makes the connection between Voegelin's political writings of the 1940s and the meditative interpretations that began to appear with the publication of Anamnesis and with the later volumes of Order and History much more intelligible than does any existing discussion of Voegelin. Scholars in intellectual history and political science will benefit enormously from this valuable new addition to Voegelin studies. Eric Voegelin and the Foundations of Modern Political ... An impressive array of scholarship testifies that modern science emerged in Western Europe as a result of the Scientific Revolution, a phenomenon associated overwhelmingly with the seventeenth century. That same scholarship has
