The Photographers Eye Composition And While composition is something that is ultimately, in the eye of the photographer, Freeman operates on the principal that you need to understand all the basics before you can specialize. Not only that, but the underlying knowledge of many different ways to compose a photo allows a photographer to create the best setting for each one, instead of always relying on the rule of thirds or the golden rectangle. Amazon.com: The Photographer's Eye: Composition and Design ... Michael Freeman's unrivalled compositional advice, first presented in the bestselling The Photographer's
